Press Release December 2014

Bill and Vi Sigmund Foundation Grant for The Cascades Renovation

The County of Jackson and The Jackson County Parks and Recreation Department have received a grant from the Bill and Vi Sigmund Foundation in the amount of \$25,000 for the “Cascades Renovations” Phase 1 project. This grant will give us the financial resources to complete Phase 1 of the renovation and continued preservation of The Cascades.

The Bill and Vi Sigmund Foundation assists the citizens of Jackson with improving the quality of their lives. The grants they bestow to our community provide for educational, charitable, civic literary and cultural purposes. The Jackson County Parks and Recreation Department which was founded in 1968 continues to provide parks, recreation and open space opportunities for Jackson County residents and visitors from all over the world for their enjoyment.

We look forward to the continued support from the community in our endeavor to renovate and preserve our community icon, The Cascades. For more information regarding this announcement, please contact Scott Robbins, Parks and Fair Director, by phone at (517) 768-2917 or by email at srobbins@co.jackson.mi.us.
