Press Release
December 30, 2014

Phase 1 of The Restoration of The Cascades

The Cascades Champion Team would like to say "THANK-YOU!!!" to the following companies that have provided their in-kind services for Phase 1 of the Cascades Project.

Dunigan Brothers Inc.

Bailey Excavating Inc.

Bailey Sand and Gravel

Lester Brothers Excavating and Trucking

Miller Truck and Storage Co.

Project Update:

Since we received rain earlier this week the contractors have to wait until the ground freezes to begin the removal of the soil in the amphitheater. All other aspects of the project are well underway.

We look forward to the continued support from the community in our endeavor to renovate and preserve our community icon, The Cascades. For more information regarding this announcement, please contact Scott Robbins, Parks and Fair Director, by phone at (517) 768-2917 or by email at srobbins@co.jackson.mi.us.
